We would like to take this time to welcome everyone to our twilight sale. We have put together a selection of females that will certainly fit into every cattle breeder's program. All of the females are young and so will have lots of life to prove their selves. The cattle numbers have certainly been decreasing over the last few years and here is an opportunity to purchase some quality females that have been selected from proven dams and sires.

Thank you for taking the time to view our catalog and come and join us sale day for supper and some good old hospitality.

BWT: 82 lbs WWT: ??? lbs YWT: ??? lbs

Comments: bred to CWC Zip 53Z on April 27. She is moderately framed, almost solid red and her mother is a very good milker. Hate to see her go because she is a nice heifer but she will work better for a purebred breeder's herd rather than being a commercial cow in my herd because she isn't a fullblood.
